

Form 2111 Criteria

- 1) Any incident or event that, in the opinion of the Division Administrator or FLH Division Director, will generate immediate national interest and/or media coverage.
- 2) Incidents or events that create disruption to NHS operations for 8 hours or more. These incidents can include, but are not limited to:
 - i) Damage to, or closure of highways or highway infrastructure caused by an act of nature including, but not limited to, earthquakes, floods, tornadoes, hurricanes, or wildfires. For winter weather, only report closures to the Interstate Highway System;
 - ii) Damage to, or closure of highways or highway infrastructure, caused by crashes, terrorist or criminal acts, or unknown causes;
 - iii) Evacuation conducted for any reason; or
 - iv) Planned special events or construction that requires an extended (greater than 8 hour) closure on the Interstate Highway System.

Other highway incidents (including incidents that occur on NHS and non-NHS roads) regardless of the reason or duration of the disruption:

- 1) Crashes involving 6 or more fatalities;
- 2) Crashes involving 10 or more vehicles;
- 3) Commercial Vehicle crashes resulting in 2 or more fatalities or receiving statewide media attention;
- 4) Highway fatalities directly related to a natural disaster;
- 5) School bus crashes resulting in serious injuries, fatalities, or statewide media attention;
- 6) Passenger bus crashes (including transit buses and private motorcoach operations) resulting in 2 or more fatalities, 5 or more serious injuries (requiring transport), or receiving statewide media attention; or
- 7) Crashes or other incidents involving significant damage to highway infrastructure.
- 8) Highway incidents resulting in the loss of life or serious injury of a prominent individual such as a Member of Congress, senior member of the Executive Branch, military official, diplomatic dignitary, or other major public figure.
